

Active Educator

The Operating Environment

Active Education Australia (AEA) is a national organisation committed to improving the quality of health, physical education and physical activity experiences for all Australian students.

We work with schools, teachers, sporting organisations, government agencies and community organisations to build capability, improve practice and create more active, healthy and engaged communities.

Through professional learning, curriculum resources, consulting services, events and partnerships, AEA supports educators and organisations to deliver meaningful outcomes for young people.

As we continue to expand nationally, we are seeking passionate and experienced **Active Educators** to join our growing national network.

Position Description

Position Title: Active Educator

Type of Employment: Casual /Contract

Location: Various locations across Australia, primarily work from home with some intrastate travel

Reporting Line: Reports to Active Educator Leads across Consulting & Services

Salary: Commensurate with experience and aligned to NFP sector standards

About the Role

Active Educators are a key part of the AEA delivery network, supporting schools, educators, sporting organisations and community partners through professional learning, curriculum development, consulting and education projects.

This is an exciting opportunity for experienced educators and industry professionals to share their knowledge, inspire others and contribute to improving health, physical education and physical activity outcomes across Australia.

Active Educators will work across a range of AEA programs, including professional learning workshops, regional roadshows, curriculum projects, resource development and consulting engagements.

Key Responsibilities

Professional Learning & Events

- Deliver AEA-created content in engaging face-to-face and online professional learning workshops
- Facilitate practical sessions for teachers, schools and community organisations
- Support AEA Regional Roadshows, conferences and professional learning events
- Provide practical strategies that improve teacher confidence and student engagement
- Adapt delivery approaches to suit different audiences and settings

Curriculum & Resource Development

- Write, review and quality assure education resources
- Develop curriculum-aligned materials that support teachers and students
- Contribute to the development of specialist Health, Outdoor Education and Physical Education resources
- Support the creation and review of:
 - School Based Assessments
 - Trial examinations
 - Assessment tasks
 - Teaching resources
 - Curriculum support materials
- Ensure resources align with curriculum requirements and contemporary educational practice

Consulting & Advisory Projects

- Provide specialist advice and support to schools, sporting organisations, government agencies and community organisations
- Support program design, implementation and evaluation
- Contribute expertise to a range of education, sport and community projects
- Participate in stakeholder meetings, consultations and project activities
- Develop written content for education, sport, health and wellbeing projects
- Review and edit existing content for accuracy, clarity and consistency

Community & Industry Engagement

- Build strong relationships with educators, sporting organisations and community stakeholders
- Support AEA partnership activities and initiatives

- Share expertise and contribute to the growth of AEA nationally

About You

We are looking for passionate professionals who are committed to improving outcomes for students and communities.

You will ideally have:

- Experience in education, Health and Physical Education, sport, coaching or a related field
- Strong knowledge of teaching, curriculum and assessment practices
- Experience delivering professional learning or workshops
- Strong written communication skills and attention to detail
- Experience developing educational resources
- Confidence working with a range of stakeholders
- A passion for improving physical activity, health and wellbeing outcomes

Desirable Experience

- Registered teacher status
- Health, OES and/or Physical Education teaching experience
- Experience writing or reviewing School based assessments and trial examinations
- Experience working with schools, sporting organisations or community groups
- Consulting, project management or advisory experience
- Understanding of inclusive education practices

What We Offer

- Flexible casual and project-based opportunities
- Opportunity to work with a growing national education organisation
- Variety across professional learning, curriculum development and consulting projects
- Opportunities to work with schools, sporting organisations and community partners
- Competitive educator rates
- The prospect to make a meaningful impact on the future of health, physical education and physical activity in Australia

Join the Active Education Australia Network

If you are passionate about education, physical activity, and creating better outcomes for young people, we would love to hear from you.

Become part of the **Active Education Australia Active Educator Network** and help shape the future of active and healthy communities.

Please submit your resume and a brief cover letter outlining your experience, expertise, and areas of interest.

Active Education Australia will be holding in person catch ups for interested candidates in all States and Territories in October and November 2026.

Applications close: Friday 18 September 2026

All applications, enquiries or discussions can be directed to Jason Doherty
j.doherty@activeeducationaustralia.edu.au

We require all applicants to undergo background checks and screening prior to or during any appointment. Active Education Australia's Child Safe Statement of Commitment can be found at <https://activeeducationaustralia.edu.au/policies/>

Active Education Australia values diversity and inclusion in all forms - gender, religion, ethnicity, LGBTIQ+, disability and neurodiversity. Aboriginal and Torres Strait Islander candidates are strongly encouraged to apply. Applicants requiring adjustments can contact the nominated contact person.
